

September 2008

The Borough of Bridgeville is partnering with Pennsylvania American Water to provide one bill for water and wastewater services, beginning October, 2008. Previously residents received two bills – a monthly bill from Pennsylvania American Water for water service and a quarterly wastewater bill from the Borough.

Please be advised that you will receive two bills in October. One will be a final bill from the Borough for last quarter's water consumption (July read through September read). The other bill will be your combined water and wastewater bill from Pennsylvania American Water, **which is based on current usage.** You are not being double billed.

As an added benefit, wastewater customers can take advantage of the Pennsylvania American Water's automatic payment program, where customers can pay their bill directly from their checking or savings accounts. For more information on Pennsylvania American Water's automatic payment program, customers can call 1-800-565-7292, 24 hours a day, seven days a week. Other payment services include the ability to pay by credit card, at a local payment agency or through the mail. The local payment agencies in our area are as follows:
