Holiday Service Day

2018 Trash and Recycling Information From Waste Management

Waste Management is excited to continue trash and recycling services in your community in 2018. We will continue to provide weekly trash service along with every other week automated single-stream recycling collection services. Recycling benefits your community as it not only conserves natural resources, but it also helps reduce the amount of materials sent to the landfill. Plus, with single-stream recycling, all your recyclables can now go into one container – no more sorting of materials.

We look forward to helping your community be as clean – and green – as possible throughout 2018 and beyond.

Collection Times

Your collection day will not change in 2018. All material must be placed at the curb no later than 6 a.m. on the day of collection. After collection, any carts used for trash or recycling should be removed no later than the evening of your collection day.

Missed Collections and Additional Information

Despite our best efforts, we occasionally miss scheduled collections. If we do, please call us at **(800) 866-4460** as soon as you can. Our representatives will work with you to ensure that your materials get picked up. You can also visit us at www.wm.com for live chat and email options.

Inclement Weather

Severe winter weather can be a challenge to our daily operations. At times, we find ourselves juggling to keep the safety of our employees at the forefront, while continuing to provide our customers with the timely service you deserve.

Every decision that we make is for the safety of the community, its residents and our employees. During periods of heavy snow, ice and freezing temperatures, we must make the tough decision to suspend operations until conditions improve for us to recover. Our team will be providing customers with service alert updates at www.wm.com. When possible, we may also notify you by phone or email if your collection route is cancelled or will be delayed.

2018 Observed Holidays

Waste Management observes the following holidays. When your collection day falls on or after one of these holidays, your service will be delayed one day during that week only.

**New Year's Day
Memorial Day**

**Fourth of July
Labor Day**

**Thanksgiving Day
Christmas Day**

Recycling Information

Your recycling collection will be every week and your pick up day will not change. Please follow the guidelines on the Recycle Often. Recycle Right. SM poster to make sure you are recycling right. **Do not bag recyclables, place them loose inside your bins or carts.**

Recycling will be collected weekly. Please following the guide below to make sure you are Recycling Right.

For more information visit: www.RecycleOftenRecycleRight.com

DO NOT BAG RECYCLABLES

RECYCLE OFTEN:

Metal Cans

Steel, tin & aluminum soda, vegetable, fruit & tuna cans

Plastic Bottles & Containers #1-5 & 7

Paper

Brown paper bags, non-confidential office paper, newspaper, magazines

Paper Cardboard, Dairy & Juice Containers

Flattened Cardboard & Paperboard

Glass Bottles & Jars

RECYCLE RIGHT:

Things you can do to ensure quality material is recycled:

DO NOT INCLUDE: Food waste, plastic bags, or polystyrene foam cups & containers

Paper and cardboard must be dry and free of food debris.

Paper food containers must be rinsed out, no caps.

Tissues, paper towels or other paper that has been in contact with food is not acceptable.

Make sure food contamination and caps are removed from cans and plastics and all containers are empty.

Separate plastic lids from plastic bottles (often made from different materials)

Keep medical waste (syringes, needles) out of recycling containers or place in safe disposal containers like Waste Management's MedWaste Tracker® box.

Attention Residents

You Now Have Access to a Home Pickup Program for Household Hazardous Waste

As part of the residential solid waste and recycling contract with Waste Management, you have a convenient opportunity to dispose of your Household Hazardous Waste (HHW) safely, easily and responsibly. **At Your Door Special CollectionSM** is a residential service offered by WM to provide year-round HHW collections for you.

HOW DOES IT WORK?

1. To participate, you must set up a collection appointment

There are three ways to schedule a collection:

- Go to www.WMAtYourDoor.com
- Call 1-800-449-7587
- Email AtYourDoor@WM.com

The Call Center operators will guide you through the steps toward a safe and successful collection. You will be asked several questions, including your address and the type and amount of materials available for collection. You will be provided a convenient collection date and information about where to place the HHW kit for collection. A kit will be sent to your home in plenty of time for you to gather and pack your materials.

2. Preparing for collection

The HHW kit includes a program instruction sheet and other items to help pack and secure household hazardous waste. All materials such as gasoline, poisons, pesticides and aerosols, must be placed into the kit. Other items may be placed outside the kit.

3. HHW material is collected

On the scheduled date, the customer service technician will collect materials directly from your home. They will sort and pack the materials for proper transportation, recycling and disposal. Participants will receive a postage-paid survey card to complete and mail back to help track the program.

4. You have more material than will fit into the kit?

Don't worry! This service is available year-round. Just schedule another collection once you have more material to dispose of.

The Call Center operators are available from Monday - Friday 8:00 AM - 5:00 PM Eastern time.

Leave a message after hours, weekends and holidays. You can also e-mail the Call Center: atyourdoor@wm.com.

ACCEPTABLE ITEMS:

Automotive products

Antifreeze, batteries, brake fluid, motor oil and filters, fuels and more

Garden Chemicals

Fertilizers, herbicides, insect sprays, pesticides and weed killers
